

# MOVING CALIFORNIA

cleaner transportation for all communities

## You're Invited to a Free Networking and Training Workshop in Mecca Money for Clean Cars and Affordable Transportation

**Millions of dollars are available from the California Air Resources Board's Low Carbon Transportation Investments for programs serving disadvantaged communities and lower-income households.**

**Please join us at this training, education, and networking event to:**

- Learn about resources available to increase access to clean vehicles.
- Promote awareness and access to clean transportation opportunities.
